Charging and Expansion

USB-C port with support for:
Charging
DisplayPort
USB 2.0 (up to 480 Mb/s)

Display Support

Supports full native resolution on the built-in display at millions of colors
Supports one external display with up to 4K resolution at 60Hz

Digital video output
Native DisplayPort output over USB-C
USB, HDMI, and VGA output supported using adapters (sold separately)

Video mirroring
Up to 4K AirPlay for mirroring, photos, and video out to Apple TV (2nd generation or later) or AirPlay-enabled smart TV
Video mirroring and output support through USB-C Digital AV Multiport Adapter and USB-C VGA Multiport Adapter (adapters sold separately)

Power and Battery*

All models
Built-in 28.93-watt-hour rechargeable lithium-polymer battery
Up to 10 hours of surfing the web on Wi-Fi or watching video
Charging via power adapter or USB-C to computer system

Wi-Fi + Cellular models
Up to 9 hours of surfing the web using cellular data network

Operating System

iPadOS 16
iPadOS comes with powerful features and built-in apps designed to take full advantage of the capabilities of iPad.

Environmental Requirements

Operating ambient temperature:
32° to 95° F (0° to 35° C)

Nonoperating temperature:
–4° to 113° F (–20° to 45° C)

Relative humidity:
5% to 95% noncondensing

Operating altitude:
tested up to 10,000 feet (3000 m)

iPad and the Environment

iPad is designed to be reduce environmental impact.[m]
See the iPad Product Environmental Report (PDF)

Progress toward Apple 2030

- 40% recycled content[n]
- Over 30% of manufacturing electricity sourced from renewable electricity[o]
- Over 40% emissions reduction against business-as-usual scenario as modeled by Apple[p]

See Apple's commitment ›

Materials

- 100% recycled aluminum in the enclosure and metal chassis
- 100% recycled cobalt and over 95% recycled lithium in the battery
- 100% recycled copper in multiple printed circuit boards
- 100% recycled gold wire in all cameras
- 100% recycled gold in the plating of all Apple-designed printed circuit boards and all connectors
- 100% recycled rare earth elements in all magnets
- 100% recycled tin in the solder of multiple printed circuit boards
- 80% recycled steel in the logic board
- 15% recycled glass in the cover glass
- At least 50% recycled plastic in 11 components
- 100% fiber-based packaging[q]
- 41% recycled content in fiber-based packaging

Energy

- Over 30% of manufacturing electricity for iPad is sourced from renewable electricity
- ENERGY STAR® certified[r]

Waste

- No established final assembly sites generate waste sent to landfill as part of Apple's Zero Waste Program

Smarter chemistry[s]

- Arsenic-free glass
- Mercury-, BFR-, and PVC-free

6 Monthly pricing is available when you select Apple Card Monthly Installments (ACMI) as payment type at checkout at Apple, and is subject to credit approval and credit limit. Financing terms vary by product. Taxes and shipping are not included in ACMI and are subject to your card's variable APR. See the Apple Card Customer Agreement for more information. Hardware and other purchases made with Apple Card may affect your credit score. Interest accrues from the purchase date and will be added to your monthly payments at the monthly payment amount. ACMI financing is subject to change at any time for any reason, including but not limited to installment term lengths and eligible products. See support.apple.com/kb/HT213524 for information about upcoming changes to ACMI financing.

33 The displays have rounded corners. When measured diagonally as a rectangle, the 13-inch iPad Pro is 13 inches, the 11-inch iPad Pro is 11 inches, the 13-inch iPad Air is 12.9 inches, the 11-inch iPad Air and iPad are 10.86 inches, and the iPad mini is 8.3 inches. Actual viewable area is less.

34 Apple Intelligence is available in beta on iPad mini (A17 Pro) and iPad models with M1 and later, with US and device language set to Chinese (Simplified), English (Australia, Canada, India, Ireland, New Zealand), Singapore, South Africa, UK, or U.S., French, German, Italian, Japanese, Korean, Portuguese (Brazil), or Spanish, as an iPadOS 18 update, and may require an eligible Apple device or Apple account to be turned on. Supporting Hardware: Some features may not be available in all regions or languages.

35 iPhone 13 USB-C to Apple Pencil Adapter required to pair with iPad.

* Trade-in values will vary based on the condition, year, and configuration of your eligible trade-in device. Not all devices are eligible for credit. You must be at least the age of majority to be eligible to trade in for credit or for an Apple Gift Card. Trade-in value may be applied toward qualifying new device purchase, or added to an Apple Gift Card. Actual value awarded is based on receipt of a qualifying device matching the description provided when estimate was made. Sales tax may be assessed on full value of a new device purchase. In-store trade-in requires presentation of a valid photo ID (local law may require saving this information). Offer may not be available at stores, and may vary between in-store and online trade-in. Some stores may have additional requirements. Apple or its trade-in partners reserve the right to refuse, cancel, or limit quantity of any trade-in transaction for any reason. More details are available from Apple's trade-in partner for trade-in and recycling of eligible devices. Restrictions and limitations may apply.

† Available options for Apple Card Monthly Installments (ACMI) may vary by country or region and may include software version, settings, and iPad model. 1GB = 1 billion bytes; 1TB = 1 trillion bytes. Actual formatted capacity is less.

1 Size and weight vary by configuration and manufacturing process.

2 FaceTime calling requires a FaceTime-enabled device for the caller and recipient and a Wi-Fi connection. Availability over a cellular network depends on carrier policies; data charges may apply.

3 Data plan required. 5G, Gigabit-LTE, and Wi-Fi calling are available in select markets and through select carriers. Speeds are based on theoretical throughput and vary based on site conditions and carrier. For details on 5G and LTE support, contact your carrier and see www.apple.com/ipad.

5 Cellular data plan is sold separately. The model you purchase is configured to work with a particular cellular network technology. Check with your carrier for compatibility and cellular data plan availability.

6 For Model A3355, see your carrier for details. Not available in China mainland.

7 Siri may not be available in all languages or in all areas, and features may vary by area. Internet access required. Cellular data charges may apply.

8 Testing conducted by Apple in January and February 2025 using preproduction iPad (A16) units and software. Testing consisted of full battery discharge while performing each of the following tasks: video playback and internal browsing using Wi-Fi or cellular data network (cellular models subscribed to LTE and 5G carrier networks). Video content was a repeated 2-hour 23-minute movie purchased from the iTunes Store. Internet over Wi-Fi and cellular data network tests were conducted using dedicated web servers, browsing snapshot versions of 25 popular web pages. All tests default except: Wi-Fi was associated with a network tuned for internet browsing (low cellular data network); the Wi-Fi feature Ask to Join Networks and Auto-Brightness were turned off; Brightness was set to 50%; and WPA2 encryption was enabled. Battery life will vary based on settings, usage, network, and many other factors. Battery tests are conducted using specific iPad units; actual results may vary.

9 Wireless broadband via cellular data network sold separately.

10 In China mainland, you can use Apple Pay on the web in Safari only on compatible iPhone and iPad models using iOS 11.2 or later.

11 Data accurate as of product launch.

12 Product recycled or renewable content is the mass of certified recycled material relative to the overall mass of the device, not including packaging or in-box accessories.

13 We estimate the percentage of electricity-related emissions in our manufacturing that is sourced from low-carbon electricity by attributing to our carbon-model low-carbon energy procured by our suppliers in the prior fiscal year, based on the supplier manufacturing allocations at time of product launch. This calculation assesses the suppliers for iPad. Included in this number is only low-carbon electricity that Apple or its suppliers have procured as part of Apple's Supplier Clean Energy Program.

14 Carbon reductions are calculated against a product-specific business-as-usual scenario as modeled by Apple. 1) No use of clean electricity for manufacturing or product use, beyond what is already available on the latest modeled grid (based on regional emissions factors). 2) Apple's carbon intensity of key materials as of 2015 (per kilogram of material). 3) Product lifetime of three years (consistent with Apple's environmental footprint methodology). 4) Product shipping distances and average mix of transportation modes (air, rail, ocean, ground) by product line and by region across three years (fiscal years 2017 to 2019) to best capture the baseline transportation emissions of our products.

15 Based on retail packaging as shipped by Apple. Breakdown of U.S. retail packaging by weight. Adhesives, inks, and coatings are excluded from our calculations of plastic content and packaging weight.

16 ENERGY STAR and the ENERGY STAR mark are registered trademarks owned by the U.S. Environmental Protection Agency.

17 Apple's Regulated Substances Specification describes Apple's restrictions on the use of certain chemical substances in materials in Apple products, accessories, packaging, and manufacturing processes. Apple's restrictions go beyond those required by laws, regulations, and directives of jurisdictions, industry and trade regulatory agencies, eco-label requirements, environmental standards, and Apple policies. Every Apple product is free of PVC and phthalates except for AC power cords in India, Thailand (for two-prong AC power cord), and South Korea, where we continue to seek government approval for our PVC and phthalates replacement. Apple products comply with the European Union Directive 2011/65/EU and its amendments, including exemptions for the use of lead such as high-temperature solder. Apple is working to phase out the use of these exempted substances for new products where technically possible.

* Apple Card Monthly Installments (ACMI) is a 0% APR payment option that is only available if you select it at checkout in the U.S. for eligible products purchased at Apple Store locations, apple.com, the Apple Store app, or by calling 1-800-MY-APPLE, and is subject to credit approval and credit limit. See support.apple.com/kb/HT213524 for more information about upcoming changes to ACMI financing. Hardware and other purchases made with Apple Card may affect your credit score. Interest accrues from the purchase date and will be added from 15.26% to 29.49%. You must elect to use ACMI at checkout. If you buy an ACMI-eligible product with a one-time payment on Apple Card at checkout, that purchase is subject to your Apple Card's variable APR, not the ACMI 0% APR. Taxes and shipping on items purchased using ACMI are subject to your Apple Card's variable APR, not the ACMI 0% APR. Taxes and shipping are not included in ACMI and are subject to your Apple Card's variable APR. Your ACMI payment amount will be rounded up to the nearest whole dollar. Your ACMI payment amount may be rounded up on your last payment. Your ACMI payment amount will always unfavorable, so you can switch carriers at any time, subject to your carrier's terms. ACMI is not available for purchases made online at the following special stores: Apple Employee Purchase Plan, participating corporate Employee Purchase Programs; Apple at Work for small businesses; Government and Veterans and Military Purchase Programs; Apple Store for Education; and Apple Store for Business. ACMI is not available for purchases made at the monthly payment amount, or ACMI, is subject to change at any time for any reason, including but not limited to installment term lengths and eligible products. See the Apple Card Customer Agreement for more information about ACMI.

To access and use all Apple Card features and products available only to Apple Card users, you must add Apple Cash to Wallet on an iPhone or iPad that supports and has the latest version of iOS or iPadOS. Apple Cash is subject to credit approval, available only for qualifying applicants in the United States, and issued by Goldman Sachs Bank USA, Salt Lake City Branch.

Apple Payments Services LLC, a subsidiary of Apple Inc., is a service provider of Goldman Sachs Bank USA for Apple Cash and Savings accounts. Neither Apple Inc. nor Apple Payments Services LLC is a bank.

If you reside in the U.S. territories, please call Goldman Sachs at 877-255-5923 with questions about Apple Cash.
